

Declaration Regarding AI Tool Usage in Master's Thesis

We recognize that AI tools might be valuable aids during the master's thesis work, but they are not infallible. Remember that transparency fosters trust, and acknowledging AI's role enhances the credibility of your work.

Therefore, when deciding to use such a tool, you need to adhere to the following principles of responsible use of AI.

1. **Critical Evaluation :**

- We critically assessed the AI-generated output, ensuring its alignment with our research objectives.
- Any modifications or corrections were made based on our expertise and domain knowledge.

2. **Transparency :**

- We acknowledge the use of *ChatGPT Scholar* transparently, emphasizing that it contributed to our work but did not replace human judgment.
- Our commitment to transparency ensures the integrity of this thesis.

3. **Ethical Considerations :**

- We actively monitored for biases or unintended consequences introduced by the AI tool.
- Our ethical responsibility guided our decisions throughout the research process.
